

Elkhart

100CRS Student Cornet

Elkhart by Conn Selmer Europe 100CRS Student Cornet - .459 bore, 1st slide thumb hook, stainless-steel pistons, Bb, in a silver-plate finish with a backpack style case.

Features

The 100CRS is highly popular in the education sector as it is ideal for beginner students, schools, and music education services.

Its robust construction and materials make it a simple but effective entry into brass playing. Built in the British Brass Band style, the Elkhart 100CRS is a great alternative for those students who would find a trumpet too large and physically demanding. What is more, when it comes to the blending of tone, the Elkhart 100CRS has a rose-brass leadpipe which is usually only found in premium instruments. And to top it all off, it is finished in silver-plate with a backpack case for easy transportation.
