

Elkhart

# 100TRS Student Trumpet

Elkhart by Conn Selmer Europe 100TRS Student Trumpet - Bb, ML bore, mouthpiece, first slide thumb saddle, third slide tuning ring, 2 waterkeys, in a silver-plate finish with a backpack style case.

## Features

The Elkhart 100TRS is a must-have for beginner students, schools and music education services. This fantastic entry-level Trumpet has been designed to accommodate younger students. And due to its first slide saddle and third slide tuning ring, beginner students can start learning the basics of tuning. These smooth slides are perfect for making minor adjustments to help tune with other members of your band or orchestra.

Built for longevity and performance, it features a rose brass leadpipe, which produces a balanced and smooth tone. Rose brass is normally reserved for premium, high-end instruments and not commonly found on beginner player Trumpets. Also featured is a medium-large bore which offers versatility with little resistance.

Furthermore, to ensure that the 100TRS offers a comfortable hold for the younger player. It is highly rated and not only sounds great but is excellent value for money with students growing-up with the trumpet.
