

Elkhart

100TUE Student Bb Mini Tuba

Elkhart by Conn Selmer Europe 100TUE Tuba - .650" bore, 16" upright bell, rose brass leadpipe, nickel-silver slides, 2 waterkeys, stainless steel pistons, mouthpiece, in a clear lacquer finish with a soft case on wheels.

Features

The Elkhart 100TUE Eb mini-tuba is an enjoyable instrument that is accessible to all, which makes it perfect for beginner students, schools, and music education services.

Because of its design, it is useful when considering the physicality of smaller or younger students, making the tuba available to those who could not manage a full-size tuba. Thanks to its compact size and wheelie case, the 100TUE is also ideal for travelling musicians or those wanting to practice on holiday. Built for longevity and performance, it features a rose brass leadpipe, which produces a balanced and smooth tone. In connection, rose brass is normally reserved for premium, high-end instruments and not found on beginner player tubas.
