

Elkhart

200CRS Intermediate Cornet

Elkhart by Conn Selmer Europe 200CRS High-Grade Cornet - .459" bore, professional style slide triggers, stainless-steel pistons, Bb, in a silver-plate finish with a superior case.

Features

The 200CRS is highly popular in the education sector as it is ideal for Students of an intermediate level, schools, and music education services.

Its robust construction and materials make it a simple but effective entry into brass playing. Built in the traditional British Brass Band style with the added benefit of professional style slide triggers. Moreover, it offers a mellow tone with the correct resistance to give a comprehensive expressive performance. What is more, the Elkhart 200CRS has a rose-brass leadpipe which is usually only found in premium instruments. To top it all off, it is finished in silver plate with a superior quality case for secure transportation.
