## 200EH Intermediate Euphonium

Elkhart by Conn Selmer Europe 200EH Pro - High-Grade Euphonium - Bb, 3 + 1 valves, in a clear lacquer finish with a backpack-style case.

### Features

The Elkhart 200EH is highly popular within the education sector as it is ideal for students of an intermediate level, schools, and music education services. With an English Brass-Band style configuration and design, it makes a brilliant inclusion for brass and wind band sections, where it blends seamlessly.

The 200EH is highly recommended by brass and euphonium teachers for its reliability and solid build quality, where it is unusual to see a dependable, 4-valve euphonium for such good value for money.

Boasting a quality build and finish while providing a robust construction, it allows the student to enter into the world of low-brass with a great playing and full-sounding credible euphonium.
