LUDWIG CELEBRATES THE SWINGIN' SCENE

NEW VINTAGE CLASSIC WRAP FINISH

Citrus Mod has been one of Ludwig's most revered finishes in the collector circuit for the last few decades. The initial release was part of a 3-color assortment, with Mod Orange and Psychedelic Red, that captured the dynamic aesthetic of the psychedelic, Swingin' 60's. Its extremely limited nature turned this finish into a cult classic that demands some of the biggest resale values in vintage drums.

**Now after nearly 50 years,
Citrus Mod returns!**

Like all other Vintage Oyster finish offerings from Ludwig, these are authentically produced by a hand blending process of materials to recreate this illustrious look. No reproduction printed material here. Only the highest quality of hand-blended acetate film! Ludwig's reissue pays respect to the craft of age-old material production and brings back one of Ludwig's most in-demand finishes.
