

DIGITAL black sparkle

The gray scale colorway has adorned Ludwig's best-selling finish of the last five decades as Black Oyster Pearl. Its neutral presentation has made it visually fitting for so many settings, proving to succeed trend after trend. Digital Black Sparkle combines a timeless colorway with a silhouette that is as much a look of yesterday as it is of today. The gray scale bars are designed as a pattern against a sparkle underlay for a lavish, reflective presentation. Play through time and space with a look that will be remembered!
