

# Bach®

**NEW** **C190SL229F**  
Professional Trumpet

SCAN FOR MORE INFO

## Overview

- The all-new C190SL229F is one of five models in the new Bach C190 Series, built to meet the technical demands of today's players while delivering Bach's signature rich, resonant tone.
- The design drew inspiration from the unique New York-era Bach C trumpets (Bronx, NY, 1928–1953), which featured narrow wraps and standard-weight #229 bells with French beads.

## Sound Profile

- Built with a narrow wrap, narrow Z-brace construction, and a standard-weight #229 bell, offering a quick response and ease of play.
- Delivers a slightly warmer and broader sound than the C190SL229C.
- Extremely responsive, like the Bronx New York-era models (1928–1953), with a broader sound reminiscent of the Elkhart-era models.

## Design Details

- Redesigned 25C Leadpipe
- Two-Piece Valve Casings
- .462" Large Bore
- Standard Weight 229 Bell
- Half-Dome Brass French-Style Wire, Side Seam Bell
