

# LAS411DL Student Alto Saxophone

With history dating back to 1750, Leblanc has been known for manufacturing some of the highest quality musical instruments in the world. Combining tradition with innovation, Leblanc continues to advance saxophone manufacturing.

## Features

Designed from artisan French saxophones, the Leblanc LAS411DL saxophone is carefully crafted with the advancing player in mind. The neck, tone hole system, and bore design provide superb intonation and ease of flexibility, while its lightweight post to body construction facilitates quick response while maintaining a rich, sophisticated sound.

With a range to high F#, the Leblanc alto saxophone boasts strong power-forged keys and a tri-point bell brace to ensure consistent, reliable seating of the Pisoni metal-resonator pads. Carefully adjusted blue steel needle springs establish a light and fast key action fitting to the Leblanc brand. An underslung octave key and rich gold lacquer add to the strikingly elegant look.

Every Leblanc saxophone is professionally set up, play-tested, and adjusted to ensure each saxophone is received in optimal playing condition to help the saxophonist continue better in their musical journey.
