

STRIPED BRONZE snare drum

Only available in Europe and UK territories

LB552RS

Keeping in the traditions of the “Phonic Series” Drum Ludwig’s Bronze Phonic snare drums offer a wide range of tuning options.

The 1.2 MM seamless bronze shell offers a unique blend of the metal snare pop and projection, with all of the warmth you get from using a softer darker bronze alloy.

Offered with smooth shells, imperial or tube lugs, and 5" and 6.5" shell depths, the Bronze Phonic series is a must-add to any drummer’s snare drum collection.

FEATURES:

- 1.2MM SEAMLESS BRONZE SHELL
- 10-LUG DIE CAST CHROME HOOPS
- P88AC THROW OFF
- P35P BUTT PLATE
