

LFL211E Student Flute

With history dating back to 1750, Leblanc has been known for manufacturing some of the highest-quality musical instruments in the world. Combining tradition with innovation, Leblanc continues to advance flute manufacturing.

Features

The Leblanc LFL211E flute features a silver-plated, nickel silver head joint, body, and key work with Y arms, offset G, split E mechanism, and closed holes.

With a multi-tapered bore for optimal acoustic response and resonance, the head joint features a sharp blowing edge of the embouchure hole that creates a fast, easy response and articulation. Great for the beginning student due to its effortless playability, the head joint design features elegant under and over-cutting to provide easy first tones that are rich, expressive, and even throughout all registers. This flute comes with a split E mechanism that makes playing in the 3rd octave easier. Featuring Y arms, the key work is hand assembled to create a feather-light, lightning-fast, and fluid key action.

Every Leblanc flute is professionally set up, play-tested, and adjusted to ensure each flute is received in optimal playing condition to help the budding flautist advance quickly as they start their musical journey.

- Easy to produce a beautiful tone in all registers
- Easy articulation
- Light, fast, and durable key action
