

LFL511E Intermediate Flute

With history dating back to 1750, Leblanc has been known for manufacturing some of the highest-quality musical instruments in the world. Combining tradition with innovation, Leblanc continues to advance flute manufacturing.

Features

The Leblanc LFL511E flute features a sterling silver head joint, Japanese nickel silver body and silver-plated key work with pointed arms, and options for open or closed holes, C or B foot, split E mechanism, and offset or inline G.

With a multi-tapered bore for optimal acoustic response and resonance, the head joint features a sharp blowing edge of the embouchure hole that creates a fast, easy response and articulation. Ideal for the advancing musician due to its effortless playability, the sterling silver head joint features elegant under and over cutting to provide rich, expressive, and even sound throughout all registers with lush, vibrant tonal color. The optional split E mechanism makes playing in the 3rd octave easier. Featuring pointed arms, the key work is hand assembled to create a feather-light, lightning-fast and fluid key action.

Every Leblanc flute is professionally set-up, play-tested and adjusted to ensure each flute is received in optimal playing condition to help the budding flautist advance quickly as they start their musical journey.

- Effortless vibrant rich tone in all registers
- Easy articulation
- Light, fast, and durable key action
- Superb intonation
