Ludwig DRUM CO.

EUROPE

CLASSIC OAK

DARK PRESENCE. SCULPTED DEFINITION.

Classic Oak is built on the original Ludwig, cross-over, Oak shell formula that has captivated professionals for the last decade. Our exclusive design blends Oak and Maple to produce a rich tone that is balanced, focused, and loud. With exciting new finishes and more configuration options, Classic Oak joins its counterpart, Classic Maple, as a powerful, dynamic, professional drum set.

- Blending aggressive attack and dark tones with quick even decay.
- Dual 45-degree bearing edge for added focus and full head contact.
- 5-ply cross-over shell: exterior oak ply, 3-ply maple core, and interior oak ply. 6.5mm thick made in USA.
